

OFFICE OF THE REGISTRAR

Yeshiva University Policy on Enrollment Status

August 29, 2017

In order to comply with New York State regulations, Yeshiva University has implemented the following policy beginning Fall 2018 regarding undergraduate and graduate students' enrollment status.

- For all undergraduate programs, full-time status is defined as 12 credits or more per semester.
- For all graduate programs, full-time status is defined as 9 credits or more per semester.
- Half-time status for both undergraduate and graduate programs is defined as registration for 6-8.99 credits per semester.
- Upon approval by the Dean of the School, enrollment in doctoral dissertation preparation qualifies a student for full-time status.
- For exceptions to the policy, a justification must be provided by the Dean of the School to the Registrar and the Provost's Office demonstrating that the course, research project, field placement practicum, or other experience is the equivalent of a full-time work load.
